

# *Winegrower's Bohemian Forest cottage Borová Lada*

*We offer an exquisite experience for all wine, sport and nature lovers in a brand new cottage that is soaked in a wooden scent. It is situated 900 m above sea level, on the border of the Borová Lada village in the central part of the National Park Šumava, only 5 km from Knížecí Pláně at the border and the former Iron Curtain.*

*Furthermore, we offer the comfort of having our own wine cellar right beneath the cottage. A fine selection of different high quality wines are available - Moravian wine - Znovín Znojmo, Chilean and Argentinian wines. Every room has its own locker in the cellar where you can find wines in three price categories. These prices correspond with retail prices without any additional charges. At the very beginning of your stay, you will get a locker from the manager and once you are ready to leave, you count what you have consumed and pay the according price.*

*In case of future interest, we can deliver any of these wines to your designated address. Just order a package of twelve wines at: [chalupa@cellarius.cz](mailto:chalupa@cellarius.cz)*
